

# Diagnosis of Infections and Metabolic Diseases

Now with a new set of devices

## Infrared analyser device for every <sup>13</sup>C-breath test in Gastroenterology

There is a choice of a highly stable dual beam infrared spectrometer module or a robust and cheaper single beam module.

8 or 16 sample ports

Suitable both for medical routine diagnostics and for long term measurements with high demands for precision and stability.

Connection to all PCs and notebooks with Windows 98™ or higher. All current interfaces are supported.

With the FANci-software included for measuring and interpretation, you are free to select from more than 20 integrated breath tests, e.g. Helicobacter pylori test, liver function test, or measuring intestinal transit time.

# <sup>13</sup>C HeliFAN<sup>plus</sup> and accessories

## <sup>13</sup>C-breath test analyser HeliFAN<sup>plus</sup>

To complete the FANci device set the **HeliFAN<sup>plus</sup>** has been developed. It is a compact and very reasonable <sup>13</sup>C-infrared analyser with a high sample throughput. It is especially designed for performing the Helicobacter pylori breath test at the clinics and at consultants' office. Together with this device you obtain the capable and easy to operate **FANci**-software, including more than 20 additional breath tests. Due to the availability of all common interfaces (USB, CAN, COM, LPT) you can connect **HeliFAN<sup>plus</sup>** to your PC or laptop without any problems.

### Order

<sup>13</sup>C-breath test analyser HeliFAN<sup>plus</sup> F301-HF-20

## Accessories

Breath bags and mouthpieces for sampling, fitting the <sup>13</sup>C-breath test analysers.

### Order

breath bag 0.3 l	F201-VP-05a
double breath bag	F201-VP-05b
breath bag 1.5 l	F201-VP-05c
mouthpiece (100 pieces)	F201-VP-06
mouthpiece with valve (25 pieces)	F201-VP-11

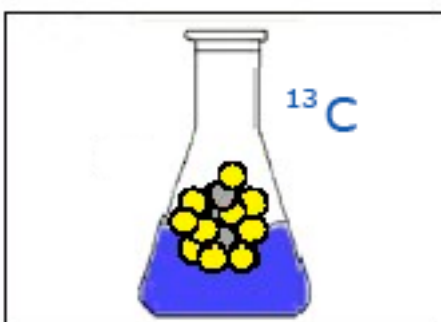

## Breathing masks

Breathing mask with check valve and bag adaptor for sampling with babies, disabled persons and for intensive care

### Order

breathing mask for babies	F201-VP-08
breathing mask, medium	F201-VP-09
breathing mask, large	F201-VP-10

Feel free to consult us about getting substances labelled with stable isotopes and to ask for further application of our <sup>13</sup>C-analysers.
